

# ARDENA AFIF PRATAMA

## ANDROID DEVELOPER

ardevcreations@gmail.com | 085174246110 | Purwokerto, Banyumas

[www.ardev-creations.vercel.app](http://www.ardev-creations.vercel.app)

## SUMMARY

Results-driven Android developer with a solid foundation in emerging technologies, gained through the Bangkit Academy 2023 program led by Google (Android Development track). Skilled in designing, building and optimizing mobile applications using best practices. Experienced in cross-functional collaboration, technical problem-solving, and project leadership. Demonstrated ability to adapt and innovate through academic and extracurricular initiatives. Committed to contributing expertise to impactful projects and delivering high-quality, scalable solutions.

## EXPERIENCES

### Android Developer (BAJA - Belajar Aksara Jawa App)

Jan - Nov 2024

- TFLite was integrated for Javanese script handwriting correction.
- Writing animations were created to enhance script-learning.
- Audience growth increased by 20% daily, reflecting the app's growing impact and effectiveness.

### UNIDA Mobile Developer (Android)

Sept 2023 - Sept 2024

- Engineered a complete UI overhaul, resulting in a 40% increase in user engagement and a 4.5-star rating on Google Play Store.
- Optimized app performance, reducing load times and enhancing overall functionality.
- Conducted debugging and testing to ensure seamless integration of new features and user-friendly experiences.

### Mentor of Academy of Mobile Darussalam (AMOLED)

Sept 2022 - July 2024

- Guided students in mastering Android development fundamentals, including UI design and core functionalities.
- Provided hands-on mentoring to create real-world mobile applications using industry-standard tools and technologies.
- Facilitated workshops and personalized feedback sessions to enhance participants' problem-solving and coding skills.

### Bangkit Academy led by Google, Tokopedia, Gojek & Traveloka - Android Development Track

Feb - July 2023

- Mastered Android development frameworks like Jetpack Compose and Kotlin for scalable app creation.
- Collaborated on a cross-functional capstone project with Machine Learning and Cloud Computing tracks.
- Completed a rigorous curriculum on advanced Android programming and Google's best practices.

### Coordinator of Field Assessment for Accreditation

June - July 2023

- A dedicated team of professionals was meticulously assembled and organized to oversee specific areas for assessment during the event.
- Planning and preparation were carefully conducted to ensure seamless coordination.
- Key areas, including the Computer Laboratory, Expo Stand, Administrative Office, and Senate Hall, were assigned to team members for thorough evaluation and management.

- Course materials were meticulously prepared and organized to support lectures and practical sessions.
- Students were guided in lab activities, projects, and coursework, ensuring academic growth and problem-solving.
- Feedback was provided to enhance student understanding and engagement.
- Assistance was offered for courses, including Object-Oriented Programming, Algorithms and Data Structures, and Android Development, contributing to their academic success.

---

**EDUCATION****Bachelor of Computer Science**

2021 - 2024

University of Darussalam Gontor

- Final GPA: 3.86

**Pondok Modern Darussalam Gontor**

2017- 2021

Islamic Teacher Training College

---

**ORGANIZATION****Event Committee for DevFest Cloud 2024**

Oct - Nov 2024

GDG Surabaya

**Chief of HIMATIF (Himpunan Mahasiswa Teknik Informatika)**

2022- 2023

University of Darussalam Gontor

**Chief of Academy of Mobile Darussalam (AMOLED)**

2022- 2023

Led AMOLED, managing program development and resource allocation for mobile app learning.

---

**CERTIFICATION****Google Play Academy - Store Listing Certificate**Mar 2024 -  
Mar 2026

---

**AWARDS****Top 2 ID Camp Challenge 2023**

Sept 2024

One of the top winners in the **IDCamp Challenge 2023**. BAJA is a mobile app that helps users learn the Javanese script (Aksara Jawa) using AI for real-time handwriting recognition.

**1st Winner of Student Creativity Program**

Mar 2024

**PKM KC** scheme to materialize an app for Tajwid, which app called **Tajwidify**

**The Best Student of The Year | UNIDA Gontor**

Feb 2024

UNIDA Choice Award 2024

---

**KEY SKILLS**

- Kotlin (Advanced)
- Android Development Tools (Advanced)
- Git Version Control (Advanced)
- Google Play Console (Expert)
- MVVM Architecture
- Material Design (Advanced)
- Firebase (Advanced)
- RESTful APIs (Intermediate)
- Problem solving.
- Time Management
- Attention to details.
- Communication
- User-centered design thinking
- Team Collaboration
